

NEXORA LABS

FAQ & Customer Policies

What payment methods are supported?

Nexora Labs accepts major debit cards, credit cards, and supported online payment methods.

Can a subscription be cancelled?

Yes. Customers can request cancellation before the next billing cycle. Cancellation stops future renewal but does not automatically refund a completed billing period.

What is the refund policy?

Customers may request a refund within 7 days of an initial annual subscription purchase if the service has not been substantially used. Refund eligibility is reviewed case by case.

Is customer data used to train public AI models?

For this fictional company policy, customer-provided business data is not used to train public foundation models without explicit customer permission.

How quickly does support respond?

Standard support requests are targeted for a response within one business day.

Does Nexora CRM include analytics?

Nexora CRM includes basic customer and sales activity reporting. Advanced business analytics are provided through Nexora Analytics.

What is the price of Nexora AI?

Nexora AI costs ₹999 per month according to the current fictional product catalogue.

Where is Nexora Labs headquartered?

Nexora Labs is headquartered in Bengaluru, India.

When was Nexora Labs founded?

Nexora Labs was founded in 2022.

Policy Summary

Billing occurs according to the selected subscription plan. Customers are responsible for maintaining accurate billing information. Service access may be suspended for unpaid invoices or violations of the fictional terms of service.

Important Note

This is a fictional dataset created for a portfolio RAG application. It does not represent a real company or real commercial policy.
